Project Name	Voice Based Concept Understanding Analyser
Maximum Marks	4 Marks

Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

SAYS • I think I understand the topic. • I want feedback on my explanation. • I need to improve my communication skills.	THINKS • Did I explain the concept correctly? • How can I score better? • Am I ready for exams or interviews?
PERSONA NAME (Student)	
DOES •Records voice explanation, •Practice technical concepts. •Reviews AI-generated feedback.	FEELS •Nervous before speaking. •Motivated after receiving feedback. •Confident when the score improves.
