

Project Initialization and Planning Phase

Date	30 June 2026
Team ID	SWTID-2026-9706
Project Name	Voice Based Concept Understanding Analyser
Maximum Marks	3 Marks

Define Problem Statements (Student Problem Statement Template):

Create a problem statement to understand Student's point of view. The Student Problem Statement template helps identify the challenges students face while explaining technical concepts verbally. It focuses on understanding their difficulties, confidence, and communication skills so that an AI-powered solution can accurately evaluate conceptual understanding, and help improve learning outcomes.

Example:

I am Student	I'm trying to Prepare for exams or interviews	But I don't know whether I truly understand it.	Because There is no automated system to evaluate it.	Which makes me feel Confused about my learning progress.
